Our thinking conditions our emotions, our sense of identity, our views of others, our agenda for the solution of our problems, & our willingness to receive counsel from others. That is why **we need a framework** for generating valid interpretations that help respond to life appropriately. **Only the words of the Creator can give us that framework.** p. 43B Tripp

**We need the words of God to make sense out of life.** We need to listen for the one reliable voice of the Creator. **His Word alone** can cut through the confusion of the world's philosophy and our own foolishness to make us truly wise. **Real knowledge begins with knowing Him.** Wisdom is the fruit of worship, and received on bended knee. It is a life lived in submission to the One who is wisdom, Christ. p. 50B Tripp
