

We, as the Worship Pastor Search Team, would like to give you an update and some communication on what we have been doing and where we are in the search process. Our meetings have gone from in-person meetings around the conference table in the church library to Zoom conference meetings on phones, tablets and computers. We have met several times in this manner and God has been just as good to lead us, to guide us and make His presence known every time we gather. Even during this pandemic, we have continued to receive resumes on a weekly basis. We have just begun the next step of acquiring additional information from certain candidates, to help us better know the heart of the candidates and help aid us in narrowing our search for the man that God would have for Candies Creek. Please continue to keep our team in prayer. We need God's wisdom, His discernment and guidance in every step of this process. We lean on Him. We press on for Him.

Candra Gluckner, Judi Renfro, Julie Adolph, Shawn Williams, Tom Jolley, Don Markham and Jake Simko
